

Algebra

Grading:

Homework should be expected daily. A homework grade, equivalent to one test grade, will be issued at the end of a marking period. This grade should be a 100% but will be lowered in the case of unfinished or missing homework or a deficient notebook. Notebooks should always remain well-organized and include the process used to solve each homework problem. Notes should be taken where necessary and tests/quizzes which have been returned to the student should be retained.

Quizzes will count as one-half of a test grade. Expect at least two quizzes per chapter.

Tests will be given at the end of each chapter.

Have a great summer. Good luck in high school. Make us proud!
