

Pre-Algebra

Grades:

Grades will be given for homework on a daily basis. The cumulative grade for homework will account for 25% of the student's final grade.

Grades will be given for math notebooks. Math notebooks are expected to be neat, organized, show the work (process) and be properly labeled. This labeling should include the assignment number, section number, a description of the assignment, and the problem numbers assigned. Collection days may be unannounced. Students should always have their notebook. Math notebooks will account for 10% of the student's final grade.

Quizzes will be given on an "as needed" basis. This means when a significant amount of new material has been presented. They will always be given at the end of the chapter as a means of determining the readiness of the class to be tested. The quiz average will account for 25% of the student's final grade.

Tests will be given at the end of each chapter. The test average will account for 40% of the student's final grade.

Have a great summer!
